

Did you know there are big tax incentives towards purchases of furniture, walls systems (demountable walls), audio visual technology, and equipment? See overview below

TAX SECTION 179 AT A GLANCE:

2020 Deduction Limit = \$1,040,000

Companies can deduct the full price of new and used furniture, demountable walls, and equipment up to \$1,040,000 with a “total equipment purchase” limit of \$2,590,000.

In addition, businesses can take advantage of 100% bonus depreciation for new and used furniture, demountable walls, and equipment through 2020. Below is a link to the IRS page and a tax calculator for more information on your potential savings.
