

Healthcare Solutions Unit Availability

Our emergency response healthcare stations arrive fully assembled ready to be set-up where needed in minutes (hospitals, temporary clinics, testing stations in parking lots, etc). 850 lbs ball-bearing castors are engineered to easily move over any surface – including pavement

To help Healthcare Providers who are providing COVID-19 care these items are available on a five day quick ship, based on weekly availability

Current Quick Ship available only in white laminate.

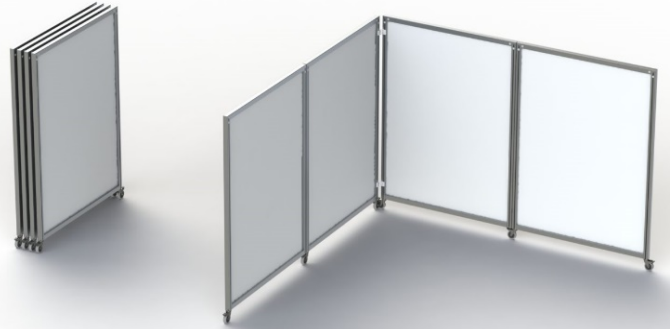

Flu/Triage Stations - chairs not included
